

ABDOMINAL CANCERS ALLIANCE

Awareness

Connection

Navigation

The Abdominal Cancers Alliance is committed to empowering and connecting the abdominal cancers community to save and improve lives.

We are working alongside allied organizations and leading care providers to change the narrative of misdiagnosis and treatment of rare and advanced abdominal cancers by:

- **Providing** a central library of resources on abdominal cancers and treatment options such as CRS/HIPEC
- **Raising awareness** with the public and medical community about the importance of early diagnosis and proper treatment of abdominal cancers
- **Guiding navigation** for patients and families, supporting them through a promising journey
- **Advancing and promoting** the work of partner organizations already making an impact

The Abdominal Cancers Alliance is a program of
Partners for Cancer Care and Prevention

501(c)(3) nonprofit
EIN: 45-1605551
